

Terrazzi

Sprayable Polished Concrete Flooring System

Why Lay it, When You Can Spray It? The Easiest Way to Install Polished Concrete Floor.

Terrazzi is a sprayable concrete micro-topping / micro-cement that can be colored and polished. It's the Ideal solution when a new concrete surface is needed over an existing concrete or plywood sub-floor. Installers can produce consistent results on both horizontal and vertical surfaces. Because Terrazzi is user friendly, it requires minimal training to achieve expert results in less time than traditional methods of installing polished concrete.

Engineered to Perform

- Available exclusively from Düraamen
- Interior and exterior
- Seamless floor-to-wall system
- The fastest way to install polished concrete (up to 20k sq. ft. / day with a crew of 5)
- Renowned Düraamen durability
- Numerous color options

Global Brands Group chose the Terrazzi Polished Concrete for their retail property at the Empire State Building, NYC.

Left: The Terrazzi Polished Concrete Sprayer. Our exclusive concrete sprayer helps keep the initial investment cost of entry into the polished concrete business attainable for contractors who may not be able to afford to enter the market.

Not pictured: Arapido skim coat, Cast-on exotic sand, and your choice of top coat.
